with a roof that can be opened

and closed in a few seconds and it's always at hand, hidden in the rear boot.

Comfortable, practical, easy to ride,

Adiva is the all-weather scooter. Two can

travel, sheltered from the cold and rain,

with complete protection. The windshield

is wide, and the roof protects you from

pouring rain, assisted by the wide

And in really heavy rain, the windscreen

wiper handles any problems of visibility.
