Gilera DNA 50, the scooter with the spirit of a motorbike. With sport in its genes; a brand new engine, automatic gears and racing profile. And what about safety? Even if you push it to the max you can be confident of its excellent road holding and powerful brakes. The new Gilera DNA; a motorbike raring to be released!

100% scooter
100% motorbike
200% radical

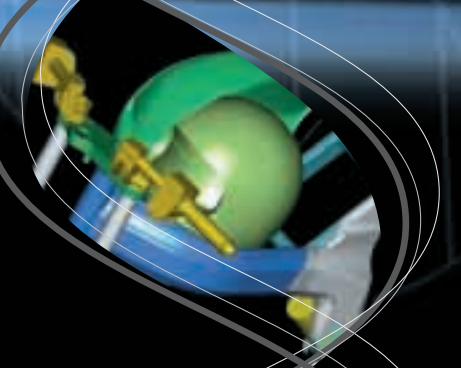

Top quality motorcycle style front suspension and brakes.

Steel twin spar frame in extruded steel. It's strong, it's light, it looks great!

No need to drag your crash helmet around with you, there's space to store it in the bike!

Information at a glance with the hi-tech dashboard!
